**Office of the Chairman Departmental Recruitment Board,**  
**Fire & Emergency Services J&K, Jammu.**

\*\*\*

**PUBLIC NOTICE REGARDING ONGOING**  
**RECRUITMENT IN FIRE & EMERGENCY SERVICES.**

\*\*\*

It has come to the notice of the Department Recruitment Board Members conducting recruitment for various categories of posts in Fire & Emergency Services that some mischievous elements have recently circulated some manipulated photographs on social media alleging mass copying. Some newspapers have also carried the news that some candidates have protested in Press Enclave Srinagar alleging mass copying and lack of transparency.

The Board Members, therefore, find it expedient to inform the genuine candidates having appeared in the said examination to remain fully confident about the fairness of the total process till publication of result. Thus any such news item is strongly refuted. If anyone still has any grievance, he may give it in writing to Deputy Director Fire & Emergency Services Kashmir at Batamaloo and Jammu at Gandhi Nagar. The Mischief Mongers shall be acted against under law. The Departmental Recruitment Board wants to reiterate that the recruitment process has been conducted in a most transparent manner under CCTV coverage and the entire process videographed and stored by the Transparent Recruitment Agency under the supervision of senior Police and Fire & Emergency Service Officers and there is no scope of any favour or malpractice. No one can escape after any false allegations. Therefore all concerned are warned to stay clear from any misadventures.

The examination centres were provided with all the requisites to offset any impersonation, copying or use of any unfair means to facilitate helping to any candidate. Firstly there was a strong component for access control to the examination centres and only candidates having proper candidate specific admit cards with their photographs attached, were allowed in the examination centre. Secondly there were Centre superintendents and Invigilators for every room who were responsible for fair and transparent conduct of examination. Thirdly every room was connected under CCTV Surveillance to record whole process of conduct of examination.

Thus if any candidate has any grievance with regard to any issue regarding the written examination, he can approach the Fire & Emergency Headquarters in Jammu and Srinagar.
